

TERRAZZCO® Brand Aggregates Glass Chips

GENERAL INFORMATION

Recycled glass comes in a variety of vibrant colors. TERRAZZCO recycled glass aggregates are comprised of 100% post-industrial recycled content. The use of recycled glass aggregate can contribute to LEED points MR4 for recycled content. LEED points can also be obtained by using recycled glass aggregates within 500 miles of a project's site.

APPLICATION

All TERRAZZCO® Brand glass chips are suited for use in general use of terrazzo.

COMPONENT PRODUCT INFO

Silicon dioxide %	72-81
Calcium oxide %	9.75-8.58
Sodium oxide %	13-14
Aluminum oxide %	0.2-0.4
Iron oxide %	0.0-0.356
Magnesium oxide %	3-4
Potassium oxide %	0.1-0.4
Other oxides %	<0.25

PHYSICAL & CHEMICAL INFO

Solubility in water	Non soluble
Appearance and Odor	Crushed/No odor
Odor Threshold	None
Softening Point	724C 1335.2F
pH value	N/A
Specific Gravity (H2O =1)	2.46-2.49
Vapor Pressure	N/A
Percent Volatile	N/A
