

TERRAZZCO® Brand Aggregates Marble Chips

GENERAL INFORMATION

Concord Terrazzo Company has a wide selection of natural aggregates under its TERRAZZCO® Brand. Concord Terrazzo Company promotes the use of 100% regionally sourced aggregates. When in use with thin-set epoxy terrazzo, the combination is not only beautiful, but also economical and sustainable. Aggregates used within 500 miles of a project's site can contribute to LEED points.

APPLICATION

All TERRAZZCO® Brand marble chips are suited for use in any general use of terrazzo.

Note: Complying with the National Terrazzo and Mosaic Association gradation standards for mix indicated and containing no deleterious or foreign matter.

1. Abrasion and Impact Resistance: Less than 40% loss per ASTM C131
2. 24-Hour Absorption Rate: Less than 0.74%
3. Dust Content: Less than 0.1% by weight.

PRODUCT DATA

%CaCO ₃	82+
Total Acid Neutralization (%, as CaCO ₃)	95+
% Moisture	0.15
Particle Size Range (inches)	5 mesh to 1/4"
Hardness (Mohs)	3
Index of refraction	1.6
Specific Gravity	2.7
Solid Density (lb/gal)	22.7
Bulk Density (lb/ft ³) Loose	85
Packed	95
